However, don't ever count the buffs out... Standout senior chris ruiz has hit the hardwood in peculiar fashion leading his team this season in more than one aspect...ruiz averages 13-6 points per game... And has grabbed 32 boards... 10 of which have been offensive and gotten scores from. Ruiz will compete against several demon seniors... However the leader is terrance williams... Williams averages 17 points per game but he may not be a factor after a sprained ankle in last thursdays practice... Williams sat out saturday night when the demons faced and lost to wichita collegiate. Tuesday is still up in the air for williams. Head coach dennis hamilton said in an interview saturday... Quote " It's a grade 2 sprains which usually takes 7-10 days to heal...we are just playing it by ear right now... But for garden city tuesday i'd say 60-40 no....we have to prepare to go on without him" end quote...

01/05/10 10pm

And that's who we will start with the lady demons getting a little practice saturday with collegiate to wear off the rust of the month break... And it was apparent opening the second half. Sophie shaull missed this one but teagan pencis grabbed the garbage and dropped and easy two. Syd sassaman answered though hitting the trifecta... She was three for nine from the perimeter and finished with 15. After that it was all dodge... Valerie ortiz dropping some change in the toll booth... Here she is again after swiping it...coast to coast and game high scorer with 18. Garden gets credit for scoring 42 on the tough demon zone d... That by amy goday... 42 didn't win though. Brenna briggs finished her off... Dodge takes it 57-42.

Tonight wasn't much different dodge started first and never let it's lead deminosh.... In fact maize south never lead the game ... And even trailed in it at times by 32 points. That steal by brenna briggs and she took it to the house herself... Briggs finished with eight tonigh and 50 percent from the field. Valerie ortiz taking a jumpers in the paint... But it's azlynn thompson who finishes that shot... Thompson is 46 percent from the field on the season... Here's thompson again this time with the put back.. she finished with ten on the game. 01/13/10 10pm

Think of a junior national basketball team and its talented players... Now think of meade kansas... The buffaloes basketball team got a junior national player... However he's from new zealand. Tia temeka frost entered the united state only five months ago... And just two months ago... Became a key to the buffs winning. He does handle the ball well... In fact.. he does a lot of things on the court well. So for tia the game isn't a challenge it's the style of the

game... That changed adjustments were made on the buffs team... Not just for tia but by him... And his level of talent began to reign supreme which was great considering his teammates were expecting in a lot. Tia currently averages 13 rebounds a game... And just under 15 points per game and has helped the buffaloes to a 7-1 record. The buffs goe back into action friday night at minneola... In meade trista hall eyewitness sports.

01/14/10 10pm

Koehn eventually got three more back points too win this 8-5. Dylan hawkins was the winner of the best match of the night getting out of the lower position for one point then getting several more after that... In an over time period hawkins defeated tim spencer 10-4.

01/15/10 10pm

The lady horns up 14 at the half and a good thing too cuz stanton came out on fire in the second. Lady trojans scoring nearly 40 points in the second half alone. Aubree summers hits the trey putting this one back within eight points... Summers finished with 11. But it was back and forth... A dish down low from mallory komlofske to amy stegman... Stegman with 15. Then gylee martin grabs three the only fashion way for the trojans... After going off the window. However holcomb never relinquished its lead. That by game high scorer breanne gottschalk 22 on the game for her... Then finshed from the perimeter... Katie pfeifer for three of her six... And the lady horns win 69-53. The fellas teams playing at the same intesity... Back and forth the entire first half. Stanton starts first when big man leighton grover drains the long ball. But logan singheisan counters going ovetop of grover for two. An outlet pass up to austin nairn puts the trojans up two. Nairn also dropping some change in the toll booth from the periemeter. But as the game went on.. Holcomb showed superiority. Brett robinson takes it baseline but the bucket goes to mitchell gaede after he tips it. In the 145 division.... Both dozier and greenlee won by decision... Greenlee did it in overtime by just one point.

01/19/10 10pm

The lady tigers have lost three of the four previous games they've played.. However tonight looked like a near turn around iin the first half at least... Ulysses starting first... Mandy spencer drains the first bucket of the night... Then it's janni meierhoff from the perimeter to the paint... And a easy jumper. It wasn't until the two minute drill in the first quarer that the buffs sank their first field goal... Actually a three by syd sassman. Jackie mccauley answered though going baseline and grabbing a freebee from the chariy stripe... But eventually garden came back to get a lead and a win... More from the perimeter from sassaman... This by jalen love gave the aces the go ahead by two.. Shawnee mission going for the win but a falling will sprading gets the tie. How bout three ties in this one... Into triple overtime. Jaln williams showing some love for the board and the bucket...while randall rogers takes one coast to coast the raider get up six in the third ot... That one by teance walton... And east goes down 74-68. That left dodge city and gardner edgerton for the late game and the demons having some trouble sinking the buckets... The blazers however... Well not...
