#### **WHAT WOULD YOU DO?**

Friday, June 17, 2016 (*premiere*)

Hidden-camera fan-favorite returns this summer with all-new scenarios capturing unsuspecting people's reactions to everyday situations. These scenarios elicit new and sometimes surprising reactions, but what does not change is the incredible response to anchor John Quiñones when he appears on camera to ask about each person's split-second and often surprising decision-making process.

- A customer is bullying a supermarket employee with Down syndrome. Will customers step up and defend him or go about their business?
- A mother and her two daughters enter a local donut shop. The mother refuses to let one of her daughters get a donut because the girl is "overweight." Will onlookers intervene or let this mother parent her children the way she chooses?
- A mother and her children are shopping in a supermarket when the children begin to misbehave. To discipline this behavior the mother begins spraying a bottle of water in the kids' faces. Will onlookers support this mother's decision or be outraged?
- A pharmacist is loudly disclosing potentially embarrassing information about one of the people waiting online at prescription pick-up. Will someone tell the pharmacist to quiet down or will everyone listen in?
- A young girl is testing out a demo video game in the store when two boys begin harassing her, telling her "girls can't play video games." Will any of the customers come to the young girl's defense?

Friday, June 24, 2016

- **Surrogate Mom:** A surrogate mom excitedly tells the parents-to-be she is carrying twins, but they want only one baby and refuse to take the second one. How will bystanders react when the parents tell the surrogate to get rid of one of the babies?
- **Drunk Cab Driver:** A cab driver gets drunk on his lunch break and tries getting behind the wheel to continue his shift. How will bystanders react?
- **Overwhelmed Caregiver:** Our actors are a woman and her elderly mother, who needs help doing everything. Traci is at her wit's end – all of the emotion she's bottled up about having to care for her mom boils up and overflows. She complains to her mother about being overwhelmed, and her mother reacts nastily, saying things like, "I'm the one who should be overwhelmed. You're stupid and forgetful." What will people do?
- **Teacher/Student:** A teacher is out with her student helping him "study" when some inappropriate PDA between them starts up. They begin to discuss their relationship, and there seems to be something more going on between them than just tutoring. Do others speak up to protect the boy or stay quiet?
- **Eating Disorder:** Three teen girls are eating lunch together. One of the girls is curious how the other two stay so skinny despite the bad food they eat. They admit to her that they binge and purge, and they encourage her to do the same. How will other diners react to the two "skinny" girls pressuring their friend to take up their unhealthy habit?

She doggedly got a local news reporter to investigate, who, two and a half years later, found people who came forward to say they had heard incriminating statements that night –leading to a new investigation and an indictment. ABC News correspondent Ryan Smith reports.

#### **FORBIDDEN LOVE**

Mary Kay Letourneau was a second grade teacher at Shorewood Elementary School in Burien. She was a great teacher and her students loved her, but at home she was having marriage problems. Mary Kay taught Vili in the fall of 1990 when he was in second grade and once again when he 12 years old. Vili and his teacher became really close and he was considered as the "Teacher's pet" she focused specifically on Vili. Mary Kay and Vili had sex in the summer of 1996; Mary Kay told a friend she was in love and how Vili was her soul mate and they had not had sex (lied). A few weeks later she was pregnant by her 13-year-old student and could not hide her pregnancy because the baby would be "brown and have black hair." Her husband found out and someone had called child Protective Services and the School District to report that Mary Kay had had sex with a 13-year-old. She had their daughter, faced a trial, served time in prison and released, never to have contact with Vili nor their daughter again.

### **Murder in the Maternity Ward**

- Jae Lowder checked into Alta View Hospital expecting to have a baby, but soon she was caught in a violent hostage crisis.
- Rick Worthington, himself a father of eight, had burst into the hospital demanding to find the doctor who performed a tubal ligation surgery on his wife two years earlier. Worthington erroneously claimed the doctor performed the procedure without his wife's knowledge or consent while she was sleeping.
- New mom Cindy Tovey could only listen to the scene outside her room unfold in terror since she could not move, temporarily paralyzed from the waist down after a C-section. Like Jae Lowder, she spent agonizing hours wondering if her newborn was safe.
- Glade Curtis was the doctor Worthington came to kill. He was at Alta View that night and called 911 after doing what he could to get babies out safely. But no one did more to keep moms and babies alive than the nurses, including Margie Wyler, who helped a mom deliver her baby during the crisis, and Karla Roth, who sacrificed her own life in a brave attempt to wrestle a gun away from Worthington.
