

**WNSX/Winter Harbor, ME
Issues and Programs List
Q3 2021**

WNSX(FM) addresses important community issues in its service area primarily through its extensive local news coverage. WNSX broadcasts full five-minute, locally originated newscasts 11 times daily, Monday-Friday, between the hours of 6:00 am and 6:00 pm.

Additionally, WNSX airs free public service announcements for area non-profit organizations in excess of 75 times per week.

Along with the above, WNSX ("Star 97.7") frequently broadcasts live from fundraising events for non-profits. Oftentimes these events are initiated by WNSX to assist these organizations in their efforts to provide services to the public. Here are some of the public service events and broadcasts that took place on our air in the third quarter of 2021:

7/24/21 – **Star 97.7 SPCA Kitten Caboodle** – A three-hour broadcast for the local SPCA from 10am to 1pm. Included free chipping of pets. Interviews with SPCA staff were broadcast.

7/31/21 – **Star 97.7 Pack the Backpack Drive** – An annual event originated by WNSX, with a three-hour live broadcast. A bus is parked by the WNSX remote broadcast booth in a centrally-located shopping center. The radio station encourages its listeners to fill the bus with school supplies for area children, which will in turn be donated to the kids to "pack their backpacks".

8/14/21 – **Winter Harbor Lobster Festival** – A three-hour live broadcast near the waterfront of the Town of Winter Harbor for this annual event. WNSX broadcasts the calendar of events and interviews with community leaders involved with the event.

8/30 – 9/13/21 – **Back to School Rules** – An annual on-air event originated by WNSX. Back to school reminders and safety tips are recorded by local community leaders, including law enforcement. Tips are approximately 30 seconds each and are aired 5-10 times daily.

9/12/21 – **Ellsworth Public Library Live Broadcast** – This library serves a wide area within the WNSX service area. The station aired a live broadcast from 10 am to 1 pm, interviewing library personnel and getting the word out that the library is open to the public again.

9/25/21 – **Ellsworth Area Chamber of Commerce Autumn Gold Weekend** – Perhaps the WNSX service area's largest economy-oriented event of the year. WNSX broadcast live from 9 am to 1 pm on the scene of events, including the Chamber of Commerce office.

The following list details news stories broadcast on WNSX which address the most significant issues identified by WNSX in its service area: Drug Use and Abuse, the Economy, Education Issues, Employment/Underemployment, the Environment, Health, and Political Issues. Dates and times of the broadcasts are noted. News stories average 30 seconds in length.
