Contained in this file is a sampling of programs used during the quarter to address the needs of the community in the public interest. Public needs were ascertained through general interviews in person, on the telephone, and through staff study of local news media including television and print. Respondents represent various ages, locations, economic status, ethnic backgrounds, and gender.... The top five (5) issues identified as concerns were as follows;

1. **Volunteering with FCA**
2. **Dealing with Disability**
3. **Collecting Shoes for Kids**
4. **Women's Health**
5. **Keeping Kids in School**

All program time for addressing these issues was given free of charge to the organizations represented. Through these programs, as well as the listed PSA's, we at *WAYRadio* believe we have met the needs of the community we serve and surrounding area.
