10/13/2017	4:30 - 6:00 AM	Radio Free Friday	Saharah Ali, Co - Hosting Various Callers	Robert Melvin Carl Felt Jennifer	We cannot become complacent. We have the violation of the election code and Trump is working to undermine Obama care by not paying for the subsidies. Where are the voices of our Democratic leaders and progressives? We are going down a negative pathway. Does Feminine energy include White Females? There are 32 cameras that are popping up in Los Angeles, Nickerson Gardens, Baldwin Hills and East Los Angeles. Mother nature has me PMSing lately. There is a video game flight to freedom it's about a young Black girl trying to flee to freedom. It's a slavery simulation game. Listen to White People for BLM. Was raised not seeing color in a relationship with a Black man and has a biracial child. Don't understand how people can stand by and see Blacks murdered by officers.
10/16/2017	4:30 - 6:00 AM	New Media Monday	General Jeff Various Callers	Activist Wendell Donna Johnny Dr. Melina Abdullah	A jury has convicted GJ of assault and the jury saw a video of the altercation between the two. At a police commission meeting in November 15 and intervened on behalf of a woman's honor and ended in an altercation with Najee Ali. Disheartened but encourages General Jeff not to be discouraged. Very upset thinks it's pretty low for Najee to go to the authorities and has a different opinion of him now. Women have played a big role until she realizes she is being abused. Thank you GJ because its important that we stand together and hold each other up. It was important that he stepped in especially when a man tries to intimidate a woman. Not the way in which he came at me and it was unscrupulous.
10/17/2017	4:30 - 6:00 AM	Hot Topic Tuesday	Christian Gregory Avi Bernard guest host Various Callers	Dick Gregory's son Wendall Charleston Blue Bill Phil David Vjack Mollybelle Connie Captain Kenneth Al	The love we felt from the world let's him know the love and appreciation for his father. A new book that Dick Gregory wrote is about defining history reading between the lies. American history is American history and Blacks need to claim who they are. Dick Gregory's hunger strikes were different than medicinal fast people don't realize when you starve your body the body attacks muscles before fat. What killed Dick is the vascular system, started with cerebral vascular disease and a lot of the anger seen in his later years was from the disease becoming progressive where he was unable to control it. Kaepernick for him to win the lawsuit against the NFL someone will have to step up in his inner circle. Wish the players that don't want to kneel should stay in the tunnel. Rapper Eminem ulterior motive and his music and movie are corny and if it wasn't for Dr Dre he would be noticed. Seen Compton shift from 90% Black to 30%. The reason why Blacks left is because of the violence plaguing the city. Watch the gangs destroy our neighborhoods. We need to talk about why our cities are declining. Called Najee Ali my little brother but he's getting into too much trouble in the Black community, which is not good. Saw a black silhouette of a young teenage girl walk through a fence in the 90's in the daylight. Was 70 - 80 yards away and the guard dog disappeared outside the yard. Happy for Serena and she's always represented the Black community. Very discouraged about the President's treatment of Puerto Rico which is apart of the US territory. Avi, Did you think Donald Trump was going to win? The President said he talked to the President of the Virgin Island and how can he not know that it is not apart of the US Territory? When did Blacks become African Americans? Wants to know when Dick Gregory's celebration of life in Los Angeles will be. The shooter in the Las Vegas shooting is missing? Curt Flood stood on principle and remiss if we don't mention his name. He is on the Mount Rushmore with Tommy Smith and Muhammad Ali. Kaepernick may lose everything for standing up. What is Black? I've never been to Africa, I'm still Black.
10/18/2017	4:30 - 6:00 AM	Health Care Mental Health	Avi Bernard guest host Dr. Nolan Thomas Various Callers	Pastor Lewis Logan Psychologist Marietta JB Barbara Celia Antwone	People who at the end of their life from cancer and other various illness. African American usually do not have the access to care to transition peacefully. Services are available to assist families to prepare before their love one transitions. In medical school saw people try to commit suicide and weren't eating due to depression and notice the treatment they received changed their lives and improved their condition. Decided that was the profession wanted to do. Sadness is feeling blue about a situation but depression lingers and things might be going well but you'll feel tired, not wanting to do things. This is not a character flaw but it is a treatable illness. In 2006 received a heart transplant. In 2009 had a stroke and became legally blind. Last year became completely blind and wants to know if she's depressed for not accepting the blindness? There should be a psychiatric evaluation before becoming President. It was so insensitive, what Trump said about the service man "He knew what he signed up for". Member of Kaiser and it is not peach sweet. Getting help from Kaiser you have to go through your primary doctor and so many channels before you can see a therapist. Kaiser wants to fill you up with pills, a quick fix. People should have a psychological evaluation at least five times a year. Can he describe chronic neurosis and how can it be treated and does it stay with you for your entire life? It does not take that long for a psychological evaluation. They always ask you if you have any feelings of depression. The hospital will have a referral number but you have to express your feelings.
10/19/2017	4:30 - 6:00 AM	Astrology	Saharah Ali, Founder Various Callers	Saji Yoga Agnes Leroy Carmen Doc	It's a time for a do over. New moon and Jupiter supporting and anything you do is magnified 10 folds and whatever you want to create just get grounded through setting an intention and be clear what you want to manifest. In a four cycle but there is change going on in home environment and there is stress in her body. (1-29-62) Loves the energy that Saharah gives people. There are a lot of blessing coming down the line. On a 3 and time to get focused and sees training in his life. (6-23-74) Just look at me and tell me what's going on. In a cycle of new beginnings and you're playing with your image and other people see her. Its time not to worry about what other people think about you. (8-9-70) Been a single Dad for 30 years and my daughter is my biggest challenge. Janquelle (4-20-91) is having an identity crisis and trying to respect rules but trying to have a voice instead of being the Dad. Holding on, give her permission to spread her wings and give her the insight that you trust her and she will hold the values of which you imbedded in her. (10-3-63)
10/20/2017	4:30 - 6:00 AM	Radio Free Friday	Jasmyne Cannick, Co-Host Various Callers	Tracee Shaquille Laticia Nixon Forrest Morris	Mitrice Richardson case is still unsolved. Open investigation of Gemmel Moore, a Black gay male found dead in a West Hollywood apt was ruled as an overdose but claim suggest he was involved with a wealthy business man name Ed Buck. Double standard - When Natalee Holloway was missing it was a national story, Mitrice Richardson goes missing was because of the outcry in the Black community. Why do White Woman put up with sexual abuse trying to climb the corporate ladder and why do they take so long coming out? Front Page intern interviewed Kia Patterson who owns a grocery store in Compton. She is a great role model for the community because young people can look up to her and dream big. Mother of Gemmel Moore who was found dead in West Hollywood apt. Her son had a journal that detailed his relationship with Ed Buck who forced him into drugs. His funeral was held in LA and she continues to crusade for justice. She sees a lot of injustices, heads turning initially when her son passed. She kept calling the Sheriff dept. They were very apologetic but wouldn't come to the phone. Called the Coroners office and was shooed away. Finally decided to take her story to the media to gain attention. It's important for Black men to teach our son's how to interact with the opposite sex. Recent relationship and his perception how to talk to woman is off and am talking to him daily. Isn't Jackie Lacey responsible for prosecuting criminals in Los Angeles. A lot of things take place in LA that we don't know about.

Harvey Weinstein is one of many we know and don't know in power who have an influence and there are people who want to be in the circle. They all want to work in this town and feel like they can handle and tolerate it. When sexual harassment happens you need to have a game plan and make it clear to that person that it is unwelcome behavior. Specifically telling them you are uncomfortable and why make it clear so there are no grey areas. Produced over 50 films and documentaries. Most recently Marshal. This was develop and written over a four year period. Reginald Hudlin and he knew Marshall was not a movie that the major studios would make. Jerry Jones is two faced person and claims he is down with the players but when he saw it was serious then he backed out. We should be grateful for Trump being so transparent. He is the Klan whisperer. He helps us out of denial and he's the most honest President we have ever had.
