

**WAWD - Holley, FL**  
**SIGNIFICANT TREATMENT OF COMMUNITY ISSUES**  
**January 01, 2024 thru March 31, 2024.**

WAWD is a member of Destination Network, a chain of Visitor Information stations devoted to communities whose livelihoods depend in large part upon the industries hospitality, travel & tourism. Visitors find themselves in unfamiliar surroundings, often with limited transportation options; they are separated from normal family and friend support systems. Uninformed travelers are vulnerable and less able to respond quickly to threats posed by severe weather, transportation failures, etc. They need information to navigate and to simply enjoy their vacations and make the most of their business travel.

While much of our issues-responsive programming is centered on promotion of the arts, local history, heritage and culture, we also work with local civic and government leaders to address public safety issues for our visitors. People traveling to Destin, Pensacola, Mobile and the Emerald Coast are not always aware of the dangers presented by severe weather conditions; they are often not aware of the laws and proper behavior related to the environment or transportation. We air programming related to these issues year round.

Tourism is the life blood of our market. We coordinate with local tourism experts, civic and business leaders to promote events and festivals. We are a champion of hometown causes, and we encourage a robust year-round tourism business.

The year round population of visitors on the Emerald Coast is significantly larger than the residential population, yet programming directed to visitors is largely underserved by other television stations in this market.

People on vacation exhibit different viewing habits when they are away from home. They watch much less television per day, and they watch for much shorter periods of time. Nielsen research documents that among the primary issues and information important to visitors are: Dining, Overviews of the Local Market, Local Lifestyles, Sports & Activities, Shopping, Nightlife, and Things to do with Kids. In addition to our regular Visitor Information programming, our Local News Programs and Top 5 Restaurant Programs also address these primary issues with constantly changing and rotating content every day, 365 days a year.
