Arkansas is expected to receive between \$4 and \$5 billion dollars through the federal Infrastructure Bill signed into law earlier this month. This week on Arkansas PBS, Executive Director of the Good Roads Foundation, Joe Quinn said, much of the money is earmarked for transportation needs.

News20 0:16 “...\$23 million for safety.”

Quinn said the bill will also allow states to apply for additional federal funding through grants. According to Quinn, the guaranteed funding provided through the new law will allow agencies like the Arkansas Department of Transportation to do more effective long-term planning.
