### **Issue – Healthcare is Expensive - Maintaining Good Health Saves Money**

It is called “the silent killer,” and it affects people everywhere. More and more people are dealing with high blood pressure. Not only does it have the potential to kill, but it can also impair brain function and adversely affect quality of life. Pastor John Bradshaw and special guest Dr. David DeRose from CompassHealth Consulting discuss biblical health principles to combat high blood pressure.

### **Issue – Slavery Has Taken Many Forms – And It Dies Hard**

Slavery had been abolished in 1865, but by the 1880s, “convict leasing” flourished in its place. Many black citizens who had thought themselves free were unjustly ensnared in yet another form of forced labor. Freedom isn’t always as it seems. Pastor John Bradshaw investigates the greatest form of slavery, SIN, and teaches about the glorious hope God offers for those enslaved by sin. Ultimate freedom IS possible!

## **Issue – Bipolar Disorder (Manic Depression)**

The exact cause of bipolar disorder isn't known, but a combination of genetics, environment, and altered brain structure and chemistry may play a role.

Manic episodes may include symptoms such as high energy, reduced need for sleep, and loss of touch with reality. Depressive episodes may include symptoms such as low energy, low motivation, and loss of interest in daily activities. Mood episodes last days to months at a time and may also be associated with suicidal thoughts.

Treatment is usually lifelong and often involves a combination of medications and psychotherapy. An estimated three million plus persons suffer with Bipolar Disorder. Host Roy Ice discuss this disorder with special guest actor Sonny Corinthos (of General Hospital) and Behavioral Health Physician in Chief, Dr. Gary Small, to discuss what it's like living with bipolar disorder..
