Religious Freedom and Liberty Issues in America - 8

The pillar with which religious freedom and true liberty in America are constructed is that of knowledge. An intelligent understanding of the high cost of these basic human rights and the constant threats to their continuance is essential. Fundamental changes in both societal and governmental attitudes, towards the “First Freedoms” of the United States, should be monitored and recognized by the populace and responded to accordingly. Special programs, dedicated to this pressing threat and community need, as broadcast during this reporting period, are listed below:

Issue – Cities Closing Doors to Churches?

Kim Colby, Director of the Christian Legal Society Center for Law and Religious Liberty, addresses the issue of New York City discriminating against religious groups’ use of public school properties. Program investigates the impact of this decision and how this action may set a very negative precedent well beyond the borders of New York State.
