CHIEF ENGINEER @ Oxnard/Ventura
 Market
 Job Summary:
 Manages the installation, maintenance and repair of studio, transmitting and ancillary equipment in order to maintain competitive signals in the market while complying with all FCC technical requirements. Includes responsibility for telecommunications, computer and networking systems.
 Who We Are:
 A leader in the Radio Broadcasting industry, Cumulus Media combines high-quality local programming with

iconic, nationally syndicated media, sports and entertainment brands to deliver premium content choices to the 245 million people reached each week through its 452 owned-and-operated stations broadcasting in 90 US media markets (including eight of the top 10), more than 8,200 broadcast radio stations affiliated with its Westwood One network and numerous digital channels. Together, the Cumulus/Westwood One platforms make Cumulus Media one of the few media companies that can provide advertisers with national reach and local impact.

Cumulus/Westwood One is the exclusive radio broadcast partner to some of the largest brands in sports and entertainment, including the NFL, the NCAA, the Masters, the Olympics, and the GRAMMY's. Additionally, it is the nation's leading provider of country music and lifestyle content through its NASH brand, which serves country fans nationwide through radio programming, NASH Country Weekly Online, concerts, licensed products and Television / Video.

- General Responsibilities:
- Oversees staff that maintains station operation through preventative and corrective maintenance
 - Establishes routine maintenance procedures and schedules for all broadcast equipment
 - Oversees and assist with the installation and maintenance of control consoles, audio routers, recording equipment, microphones, digital audio systems, transmitters, antennas, control systems, remote equipment, etc.
 - Works with local management to coordinate remote broadcasts as needed.
 - Responsibilities include compliance with FCC rules and regulations, budgeting, and 24/7 on call.
 - Manages a staff of one or more people.

Chief Engineer - *Oxnard/Ventura Market*

Job Summary:

Manages the installation, maintenance and repair of studio, transmitting and ancillary equipment in order to maintain competitive signals in the market while complying with all FCC technical requirements. Includes responsibility for telecommunications, computer and networking systems.

Who We Are:

A leader in the Radio Broadcasting industry, Cumulus Media combines high-quality local programming with iconic, nationally syndicated media, sports and entertainment brands to deliver premium content choices to the 245 million people reached each week through its 452 owned-and-operated stations broadcasting in 90 US media markets (including eight of the top 10), more than 8,200 broadcast radio stations affiliated with its Westwood One network and numerous digital channels.

Together, the Cumulus/Westwood One platforms make Cumulus Media one of the few media companies that can provide advertisers with national reach and local impact. Cumulus/Westwood One is the exclusive radio broadcast partner to some of the largest brands in sports and entertainment, including the NFL, the NCAA, the Masters, the Olympics, and the GRAMMY's. Additionally, it is the nation's leading provider of country music and lifestyle content through its NASH brand, which serves country fans nationwide through
