

NEW HAMPSHIRE FAMILY RADIO, LLC
COMPLIANCE OFFICER CERTIFICATION

I, Janice Cyr, have been appointed the Compliance Officer of New Hampshire Family Radio, LLC (“Licensee”) with respect to Licensee’s compliance with: (1) the Federal Communications Commission’s (the “FCC’s” or “Commission’s”) Online Political File Rule (47 C.F.R. § 73.1943(c)); and (2) the Consent Decree, by and between Licensee and the Media Bureau of the FCC, adopted and released June 30, 2022 (DA 22-693 / File No. POL- 061522-14336119) (the “Consent Decree”). Accordingly, I have the requisite authority to execute this certification as an agent of and on behalf of Licensee.

I have personal knowledge that Licensee: (i) has established and implemented the Compliance Plan; (ii) has utilized the operating procedures since the implementation of the Compliance Plan; and (iii) other than two cases¹, I am not aware of any instances of noncompliance with the terms and conditions of the Consent Decree.

The foregoing is based on the following facts:

- (1) Within 30 calendar days after the Effective Date, I was designated to serve as Compliance Officer of Licensee;
- (2) Within 30 calendar days after the Effective Date, Licensee developed and implemented a Compliance Plan, which continues to ensure compliance of all Licensee stations with the Online Public Inspection File Rule and the terms and conditions of the Consent Decree;
- (3) The Compliance Plan contained: (i) a Compliance Manual, which was distributed to all Covered Employees, and (ii) a Compliance Training Program for all Covered Employees, both of which have been reviewed by all Covered Employees; and
- (4) To date, with one possible exception, Licensee has not needed to execute its obligations pursuant to Paragraph 16 of the Consent Decree, requiring it to report instances of noncompliance with: (i) the Online Political File Rule, and (ii) the terms and conditions of the Consent Decree. As discussed in Footnote 1 below, one ad order was inadvertently uploaded late, but because a document showing the run times for that ad was timely uploaded, Licensee believed that there was no need to report noncompliance.

¹ On September 6, 2022, the Senate Leadership Fund (“SLF”) ordered eight sets of ads. Seven of those were timely uploaded on September 7th, but one order (#6767) was inadvertently left out of that upload, though a document showing the run times for that order was uploaded on that date. This was discovered on November 14th, and on that date the purchase order for the eighth order was uploaded. In addition, a supplement cancelling one of those orders was received by the station on October 21st. The Station immediately tried to upload the cancellation, but it was rejected as “too large.” Licensee immediately opened case #1077287 with the Commission’s help line. The cancellation was successfully uploaded on October 25th only after reducing the number of pages submitted.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on December 1, 2022.
