Dear Greg and Friends,

Thank you for your media support and for broadcasting again from Eastville Beach at the VCS Earth Day Beach Clean Up!

This year, hundreds of volunteers fanned out over our Island to beautify its beaches and protect the ocean – and the wildlife living in, on, and near it – from plastics and other pollution. Despite the gray, rainy weather, turnout was larger than usual. Thanks to the work of many hands, we were able to collect over two tons of trash from 24 beaches over the course of just two hours!

We couldn't pull off such a broad-based event with so much success without the generosity of businesses like yours.
